Thank you
for your support!

To truly prepare our students for their futures as knowledgeable and productive citizens requires more essential educational programming than ever before.

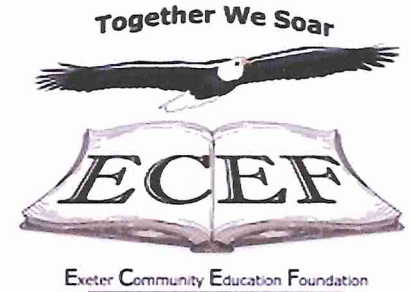

Unfortunately, Exeter Township School District has few financial alternatives to fund these programs. Indeed, our legislators don't even provide adequate resources to meet state or federal educational mandates or to fund state-mandated pensions.

That's where the Exeter Community Education Foundation (ECEF) comes in.

The mission of the ECEF is to secure resources for Exeter students to support programs for which sufficient funds are not available from federal, state and local sources.

- The goals of the ECEF are simple:**
- to raise necessary funds for these programs
 - to mobilize community support for enhancing the quality of education in our schools

(ECEF is organized as a Section 501(c)(3) independent public charity, making all donations tax-deductible within the full extent of the law.)

ECEF Mission Statement

The Mission of the Foundation is to secure resources for our students to support programs for which sufficient funds are not available from federal, state and local sources. These programs will promote excellence in learning and mobilize community support for enhancing the quality of education in the Exeter Township School District.

2014 Color in the Park

Last years event raised over \$17,000!!!

All of the money raised was donated to our schools at every level. Much of this money was used for the STEM (Science, Technology, Engineering, Math) program. This program gives hands-on experience to our students in a variety of subjects.

In addition, ECEF has helped to fund Teachers in the Parks (TIPS), provided distance learning equipment, interactive whiteboards, computer carts and iPads.
